

VILLAGE OF ILION

SOLID WASTE & RECYCLING COLLECTION REMINDER

Beginning on **January 1, 2015**, the New York State Electronic Equipment Recycling and Reuse Act will prohibit all households and generators of electronic waste from disposing of electronic waste such as computers, computer peripherals, televisions and other electronic devices as garbage.

Residents in the Village of Ilion will be permitted to set out electronic waste at the curb twice per month for proper recycling. **Electronic waste CANNOT be placed in your curbside recycling container.** Electronic waste will be collected on the **first and third Friday** of each month along with steel, metal items, major appliances and white goods.

These items need to be called in to **Spohn's Disposal Service at 866-8820** in order to be put on a pick-up list. Please call before the collection day and state what needs to be picked up so that special arrangements can be made.

Residents may also deliver electronic waste to the Oneida-Herkimer Solid Waste Authority's Utica and Rome Residential Convenience Stations. Acceptable electronics may be delivered to the Authority's facilities for recycling year-round, free of charge.

Some Examples of Electronic Equipment Covered by the Law:

- **Computers** (including laptops, desktops, tablets and e-readers)
- **Computer peripherals** (monitors, facsimile machines, document scanners, and printers)
- **Televisions**
- **VCR's/DVR's**
- **Video Game Consoles**
